TACENS

RADIX V 350W SFX

POWER SUPPLY

DESIGNED IN EUROPE

Here comes the fifth generation of the worlwide awarded power supplies TACENS Radix, including the latest and most innovative technical specs from the 11 years of research and development of TACENS´s European Technical Team. TACENS Radix V PSUs are a new worldwide reference in eceolgy, efficiency, quality, reliability, low noise and extended lifetime. Stands out their 10 protection systems making setting a new benchmark in security and reliability.
TACENS Radix V 350 model compress the awarded TACENS technology in a small format micro-ATX / SFX being the perfect partner for any compact system thanks to its low noise, efficiency and reliability.

- 99% Efficiency Active Power factor correction (APFC) for extremelly stable and efficient power conversion that compensates all fluctuations from the main supply
- Top quality ultra-silent 80mm 10db fan with anti-vibration system and smart TACENS ultra-silent fan speed control
- 85+ Eco-design with extreme high-efficiency up to 85% for power saving and extended lifetime
- ErP/EuP compliant for under 1W power consumption in off mode and RoHs manufacturing directive to fit European Green/Ecologic standards
- Powerful dual +12v rails for extremely stable and powerful performance
- The safest PSU with 10 top-security system protections included
- European engineering and internationally tested safety by recognised testing labs
- Full performance during 24/7 operation. Ultra long Lifetime of up to 100,000 hours
